

# **UAW LOCAL 160**

## **TEXT MESSAGING ALERTS**

*Five hundred UAW Local 160 members have already joined our newest Local 160 communication process!*

To sign up, follow these three easy steps.

1. Text the phrase **uaw160** to the numbers **99795**. (iPhone users may need to add a dash (-) between any one of the numbers... for example 99-795.)
2. You will receive an immediate text response asking for your name and e-mail address.
3. Lastly, it will ask you to select your Unit. Select letter **A** for GM Unit Member or **B** for Aramark Unit Member.

**CONGRATULATIONS! YOU ARE NOW REGISTERED.**

### Points of interest about our text message system:

- Only information that affects you as a member directly is sent to your phone on an average of once every few weeks.
- As an example, a message may be an important union meeting you would want to attend, a Local 160 recreational event for all members, or an opportunity to apply for a locally appointed position.
- This system was presented to Local 160 as a free trial run and we have now negotiated a grandfathered "no charge" to the Local to run this program.

### More plan information:

- No one can respond to the text so no worries as to the group response issue.
- Most all phone plans allow for free text messages. Check with your phone provider if you have any concerns before registering.
- You can option out at any time.
- If you're not able to access text messages to your phone, contact Local 160 at 586-751-4474 to sign up for **e-mail alerts** through our Local 160 e-mail alert system.
- Union bulletin boards will also continue to support Local 160 postings.
- On average, maybe once a month, the International UAW may send out an informational text that our members find useful.
